

Barton Pump Station Upgrade

King County
Department of
Natural Resources and Parks
**Wastewater Treatment
Division**

Join us for a Pre-construction Community Meeting!

Construction will begin in early summer to upgrade the Barton Pump Station, increasing capacity and efficiency to accommodate West Seattle's growing population and ensure the pump station's safe and reliable operation.

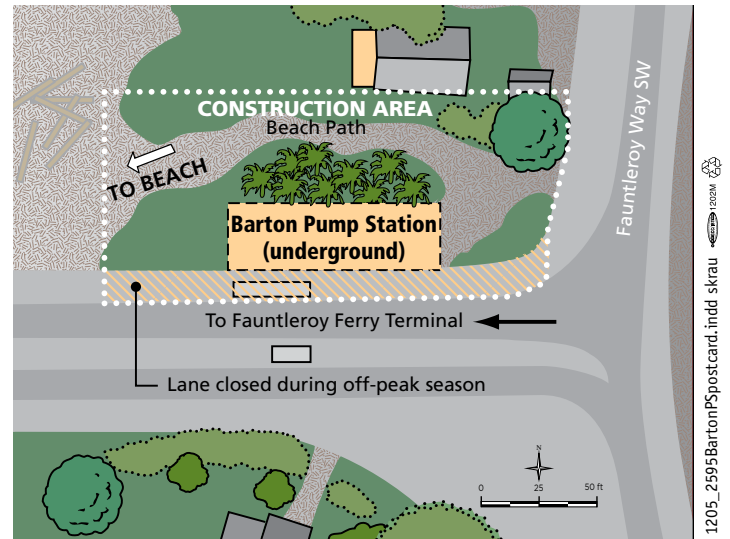

Wednesday, May 30, 6:30 p.m. – 8:00 p.m.
Fauntleroy Church, Fellowship Hall
9140 California Ave SW

At the meeting you will learn about:

- Anticipated construction schedule
- Impacts on the Fauntleroy Ferry Terminal
- How we will work with the community during construction
- Pump station design and site restoration

For more information, special accommodations, or questions, contact: **Kristine Cramer 206-263-3184**, or kristine.cramer@kingcounty.gov.
